About Me

Software Engineer with a core focus on backend development, type-safe architectures, and containerized environments. Experienced in building structured APIs using NestJS and Node.js, managing relational and non-relational data layers, and creating predictable frontend interfaces with Next.js. Focused on engineering data integrity, system predictability, and clean documentation.

Technical Skills

- **Languages:** TypeScript, JavaScript, SQL (PostgreSQL), Armenian (Native), Russian (Fluent).
- **Backend Development:** Node.js, NestJS, REST APIs, Dependency Injection, JSON Schema Design.
- **Frontend Development:** React, Next.js, HTML5, CSS3 (Layout & Component Design).
- **Databases & Caching:** PostgreSQL, MongoDB, Redis (Caching layers).
- **DevOps & Tools:** Docker, Docker Compose, Git, Linux, Beekeeper Studio.

Experience & Projects

Full-Stack / Backend Developer (Internship / Personal Projects)

- **Environment Orchestration:** Standardized development environments across projects by containerizing local runtimes, environment variables, and network configurations using **Docker** and **Docker Compose**.
- **API & Schema Engineering:** Designed and implemented predictable, structured RESTful JSON APIs using **NestJS** and **TypeScript**, ensuring strict type safety and data validation.
- **Data Layer Management:** Configured and queried **PostgreSQL** relational databases and **MongoDB** collections; implemented **Redis** layers for basic state management and response caching.
- **Data-Driven UIs:** Developed client-side web applications using **Next.js** and **React**, consuming local and third-party APIs to format complex, real-time environmental and logical datasets into scannable interfaces.

Education & Training

- **Technical Workshops & OS Challenge** | TUMO Center for Creative Technologies (June 2025)
- **Self-Directed Technical Curriculum** | Deep-dive focus on Data Structures, Database Normalization, and System Design.

Education

09/2021 – 06/2024
Gyumri, Armenia

Degree with Honors / Computer Operator
Gyumri State Craftsmanship College No. 4

Skills

- | | | |
|--------------|------------|-----------|
| • JavaScript | • HTML | • CSS |
| • TypeScript | • React JS | • Node JS |

Languages

Armenian C2	● ● ● ● ●	English B2	● ● ● ● ●
Russian C2	● ● ● ● ●		

Interests

Piano

I love playing piano and learning new pieces.

Walking

By walking, i sort my mind, think about some stuff, and just relax.

Learning New Stuff

I spend free time learning about something new e.g. new language, playing guitar, etc

Chess

When i have nothing to do, that's when chess appears
